

Free riding with an electric bike "Discovering Navacelles"

Discover the Grand Site at your own pace and enjoy a day out in the open countryside with Cigale Aventure.

Discover at your leisure

Starting from Le Vigan, visit the Causse (plateau) and the Blandas viewpoints with our electric bikes.

Our electrically-assisted bikes make it much easier to climb to the Causse and give you the freedom to travel longer distances without any extra effort. Electric bikes are easy to use for practically everyone.

The Causse and the viewpoints at your own pace

This trip will take a day and leaves you time to pause and admire the landscape. Electric bikes allow you to move silently without disturbing the tranquillity of the site. It is an ideal way to enjoy the unique atmosphere of the Cirque and the Causse.

You are provided with a guidebook that shows the route.

Starting mid-morning from Le Vigan, you quickly climb the Blandas Causse and arrive at midday at the Blandas viewpoints, which overlook the Cirque de Navacelles.

An outstanding site

Admire the site at leisure from the viewpoints, with their differing atmospheres.

After lunch (we can point out the restaurants), you can continue your discovery of the Blandas Causse on charming countryside roads. You will pass through villages and hamlets, discover the megaliths and the entire caussenard heritage.

A peaceful stress-free day to discover the Grand Site of the Cirque de Navacelles.
